Session 3 – Discipleship

Sunday 21st June

What is discipleship?

Discipleship is the transformation of Gods people through the carrying of ones own cross, which means the breaking up, the tilling and the ploughing of ones heart and mind, getting the wrong fleshly mindsets and attitudes out and getting The Truth (Himself) in us, which causes incredible life.

1. Why is it so critical that we are committed to this process as His followers?
2. Knowing now what discipleship is. Would you say you are in the process of discipleship?

Why is discipleship so vital in the body of Christ?

- 1: How is the oneness John speaks of, being expressed in **your** life of discipleship?
- 2: What examples of the life of Christ in you, can you testify to that has come through discipleship life with others?

How did Jesus pattern/model discipleship?

1. Why did Jesus choose to pattern discipleship this way? What affect should this have on us today?
2. Jesus discipled His 12 through building a living organic environment for them to walk together in. What spoke to you the most out of the ways Jesus modelled this life to His disciples and how can you apply it in your discipleship group/personal life?

What heart position is a person to have as they come into discipleship?

1. What is the purpose of discipleship and what is it meant to produce in us?
2. Take some time to think and discuss what may hinder us from allowing these discipleship environments to truly transform us from the inside out?
