## **Key Points**

God's transformational family demonstrates very different lives to the families of the world. We are to live completely different from the world. Our priorities, values and culture are to be polar opposite to the worlds.

4th Attribute: the people were of one heart and soul

## **Questions**

1. In your own words describe what being one in heart and soul with God and one another is and what it looks like in demonstration.
2. How does this oneness of heart and soul become our reality so we can live this reality out?
3. How much of this oneness of heart and soul do you see operating in your own life? Why is this the case?
4. What do you think needs to change in your own life to experience more of this position of oneness?
