Key Points:

In order to live in God's eternal purpose we must receive power in the inner man

It is essential that Christ is dwelling within us, not just co-habiting with us

We are to be rooted and grounded in love, not just covered by love

Questions:

1. What does it mean to "be strengthened with power through His Spirit in the inner man"? Why is it so important that we receive this power? Is this something that you can relate to by living experience?
2. What is this difference between dwelling and co-habiting? What does it mean for Christ to dwell in our hearts?
3. What does it mean to be rooted and grounded in love? How is this different from being covered by his love? Does the demonstration of your life illustrate that you have been grounded in love?
