2: The word of the cross puts to death the wisdom of the world that's within us and births and gives life to the wisdom of God in us.

3 : Jesus is the wisdom of God and the power of God.

Today: 2 wisdoms in operation - wisdom of the WORLD and the wisdom of GOD.

The wisdom of the world is an operating system and the wisdom of God is an operating system.

## **Questions**

1. Why can we not come to know God through the wisdom of the world?

2. The wisdom of God and the wisdom of the world are both operating systems. What are your thoughts in relation to this thought?

3. The operating system of the world operates from its own strength, its own abilities, its own resource, it trusts in itself, its own learning systems and the wisdom of God is completely the opposite. Which one do you recognise more operating in your own life and why?

4. To receive the wisdom of God we must feed from the Tree of Life and not the tree of good and evil. Which tree would you say you are currently feeding from?

5. Why is someone who is feeding off the Tree of Life, Faith and Relationship centred?

6. Why is someone who is feeding off the tree of good and evil, Fear centred and consumed about getting it wrong ?

Practical lesson: confess to one another which operating system you know you are operating from and repent from this position. Then ask God to reveal and lead you more and more into Himself - His operating system.
