Session 6 – Leadership

Sunday 19th July

Exercise 1:

1. Why is it vital we see ourselves as leaders (influencers) in the body of Christ and not just followers?
2. As a leader you have the potential to lead people away from the vision or to the vision, why would you do this?
3. How would you best describe this position of being a leader and a follower at the same time and would you say you are living this out?

Excercise 2:

1. For a leader to lead people from one reality and into another what attributes need to be present in the leader and the followers?
2. Why is it crucial that leaders receive, models and demonstrates Christ likeness before expecting others to?
3. The surrendering of one's life to Christ is vital if one is going to be used significantly for God. Why is this the case?
