

LEADERSHIP PRACTICES

Serve to Lead

Stew Darling

7 February 2018

1. As a group discuss and describe the trustworthiness of God and how His power, and His ability can sustain us as leaders.
2. Where can we, at the Rock, improve our leadership skills - how does that change our outlook and activities on a Sunday and at Discipleship groups and how will we know that the changes are effective.
3. How do we break the conformity that leadership is about “being loud” and that “not everyone can be a leader” and; how do we change that to a belief that through true service we can become better leaders?
