**Scriptures:**

Romans 12:1-16

**Questions:**

1. Why are we to pursue love and desire spiritual gifts, and not the other way around? How does this link with the theme of identity we have been looking at over the past few weeks?
2. Why is prophecy seen as a superior gift, and what does this tell us about God's intention for all the gifts?
3. What does it mean for the "church to be edified"? Is this just about blessing or is it also about building?
