PARKING

For most of the weekend we will have access to most of the car parks in the complex (just please DO NOT park in front of any garage roller doors or anywhere that has been coned off) and any available parks out on Glover street. However for the Friday morning and afternoon sessions we will have very limited parking available as the business' in the complex will be using their car parks, most of the parks on the street are taken by the business' out on Glover Street and our Rock Parks are being assigned to people. If you will be attending Friday morning or afternoon we are working on a car pool so that we can make the most of our car parks. If you would like to be a driver or would like to get a ride with someone please email Rochelle (info@therock.org.nz) and she will either assign people for you to bring or she will assign you to a car and the driver will contact you on where to meet them for pick up. This will only be for Friday morning and afternoon. If you do not want to be a part of the car pool please be advised that for Friday morning and afternoon you can not park anywhere in the complex - any unauthorised cars found in a car park will be towed.

CHILD CARE

We will be unable to provide child care for this event outside of our usual Sunday morning programmes. This is partly due to the limitations of our facilities, but also due to the fact that we don't want anyone to miss out due to them serving to release parents. We would also like you to be fully engaged in every session so would like to encourage you to find someone you trust who can either take care of the kids for the 3 days or who can come and stay with you for this weekend, releasing you to fully partake of what's on offer.
