The Promise Part 1

Questions:

1. Share with the group what you wrote in relation to the 3 absolute promises for every follower, and also what this means for you now and your future, as a follower of Jesus Christ.
2. Share in your own words what you believe it is to have God as their very source or the tap root of your life and not just be a part of your life.

4. How would you envision your life to be now and in the future, the more Jesus becomes the source of your life?
5. What is stopping this becoming your reality if anything?
