

# THE LIFE CHANGING GOSPEL

## THE LIFE CHANGING GOSPEL - PART 1

**KEY QUESTION:** What Gospel have we and are we receiving?

**KEY POINT:** The Gospel of Transformation.

I carry such a deep conviction in my spirit, that it will only be those who have and are receiving the Spiritual Transformative Gospel, through the power of God, not man, who will be able to stand and be a reflection and an expression of LIFE in these days which we are in and entering into.

I want to present to us 2 Gospels from two different trees, which can appear the same, while being extremely different in the life they produce. Paul told the Corinthians that they beautifully received a different Gospel and he told the Galatians how easily they deserted Christ for a different Gospel.

This isn't something that just happened 2000 years ago but this is something that still happens consistently today. Some followers may not have even received the true Gospel of Jesus Christ.

The Gospel of Transformation from the Tree of Life is a Gospel of Experiential Living Knowledge (Testimony), that performs its work within us, all based upon the Power of God. It is the receiving of this Gospel through the revelation of Jesus Christ which brings us into the corresponding actuality of Him in us and through us.

The Gospel of Information from the Tree of the knowledge of good and evil is a gospel of Theoretical Knowledge (Theory) based on an intellectual understanding or mental agreement of the scriptures, mere credal affirmation - Religious institutional system or model built on the patterns of Earth.

Below are the 2 Gospels from the two Trees and their attributes.

Select 2 people to read the attributes of each Gospel out loud so you can all hear the difference.

**Group discussion: Take sometime and unpack the difference between each attribute.**

**Example: What is the unique difference between receiving the Person and hearing about a principle?  
What is it to receive the Messenger as opposed to just the message?**

The Gospel of Jesus Christ is a Gospel of transformation not modification or self help. Take some time and unpack the questions below, allowing yourself to be honest, vulnerable and transparent with each other.
